Travis Cook

UX Design & Front End Development

Creative Designer
USAA

January 2018 - Present | San Antonio, TX

Guide and facilitate Human Centered Design research with customers and internal stakeholders. Engage with business stakeholders to guide strategic visioning. Create mock ups for development team guidance using Sketch and InVision. Create coded prototypes for enhanced experiences.

Creative Designer - Intern
USAA

June 2017 - August 2017 | San Antonio, TX

Developed low and high fidelity mock ups for internal software. Constructed internal tools in React and JavaScript for front end development. Engaged in Behavioral Design research through user interviews, journey maps, and mock ups.

Student Human Resources Supervisor
ACU Technology Support Services

May 2016 - December 2017 | Abilene, TX

Create work schedules for all 35+ student workers in Technology Support Services. Review and approve time sheets for employees. Receive applications and conduct interviews for potential employees. Manage disciplinary actions and employee terminations.
